

Subject: Cover Letter for Scholarship Approval

Dear Selection Committee University of Bologna

March 30, 2024

I am writing this letter to be considered for the offered scholarships for Afghan women. I have carefully reviewed all the eligibility criteria for this scholarship and am committed to adhering to the university and scholarship regulations.

My name is Negina Najmi, holding an Associate Degree in Dentistry from Jamal Ul Shefa Institute and a High School Diploma obtained in 2019. Presently, I am employed as a dental assistant in a private dentistry practice in Kabul province. My passion for improving public health drives me to pursue this field, aspiring to contribute to the betterment of my country and the global community.

My fervor for education has not only fueled my academic pursuits but also propelled me into various social activities. Throughout my schooling, I actively engaged in volunteer work, serving as a teacher's assistant and advisor to primary and secondary school students. Additionally, during my senior year of high school, I volunteered in the health department of our school. Recently, I conducted a training program for high school students titled "Procedures on Maintaining Healthy Teeth".

I express my gratitude to the committee of the University of Bologna in Italy for providing educational opportunity for Afghan girls, as due to the limitation in Afghanistan, Afghan girls are unable to continue their education. I am one of those who had a great interest in the field of business and had a desire to complete my higher education in this field.

Studying at the University of Bologna will enable me to learn from some of the most distinguished faculty members in the field of business. The university's research-driven approach to teaching and learning, as well as its state-of-the-art facilities will provide me with the ideal environment to enhance my knowledge and skills.

In addition to my academic achievements, I have also been involved in extracurricular activities that have helped me develop strong communication, leadership, and teamwork skills. I believe that these skills will be invaluable in my future academic and professional endeavors.

Thank you for considering my cover letter. It is my earnest desire, as a young Afghan girl, to pursue my studies in business at university of Bologna Italy. I eagerly await your response.

Sincerely

Negina Najmi
