Course Code: A unique combination of letters and numbers that represent a subject taught in university.

Credit Hour: A unit to quantify the weight of a course. One credit hour represents one lecture hour per week in a regular semester of 16 weeks, or 16 contact hours (teaching hours) per semester.

Grade: Is the representation of obtained marks percentage through an alphabet, range from A - F.

Grade Points Average (GPA): Is the numerical representation of grade, range from 0-4.

DEGREE REQUIREMENTS

In order to receive the official transcript and degree, a student should fulfill the minimum requirements for undergraduate program. The minimum requirement for a degree is to achieve 138 credit hours and secure 1.5 or higher CGPA (including credits transferred courses).

AUTHENTICITY OF TRANSCRIPT

Transcript is official only if it is endorsed by the University and bears the signature of the Controller of Examination and the embossed seal of the University.

Total Credit Hours: Computed by summing the credit hours for all courses attempted in the current and previous semesters in which the student has received letter grades.

Marks Obtained: The representation of student evaluation in a course by course lecturer. It includes internal evaluation and final evaluation marks. All courses are evaluated out of 100 marks.

Average Marks: The average of marks obtained in all completed courses.

Cumulative Grade Points Average (CGPA): CGPA is the mathematical average of grades of all courses completed in a program. CGPA is calculated by adding up all final grades divided by the number of courses completed in program.
