**INTERPRETATION**

**Credit Hours (CH):** It is a unit to quantify the load of a course. Normally, one credit hours represents one lecture (55 Minute) in a regular semester of 16-17 lecture Weeks.

**Total Credit Hours (TCH):** Computed by summing the credit hours of all courses attempted in the current semester in which the students received its grades.

**Cumulative Credit Hours (CCH):** Computed by summing the credit hours of all courses attempted in the current and previous semesters in which the students received grades.

**Grade Points (GP):** Computed by multiplying the number of credit hours per course by the Grade Point Equivalent of the grade earned.

**Semester Grade Points (SGP):** Computed by summing the grade points of all courses attempted in the current semester.

**Cumulative Grade Points (CGP):** Computed by summing the grade points of all courses attempted in the current and previous semester.

**Grade Point Average (GPA):** Computed by dividing semester grade points by the total credit hours.

**Cumulative Grade Points Average (CGPA):** Computed by dividing the cumulative grade points by the cumulative credit hours.

**Credit Attempted (CA):** Computed by summing the hours of all courses registered and evaluated including failing grades.

**Credit Earned (CE):** Computed by summing the credit hours of courses registered, evaluated and passed.

**ACADEMIC CALENDAR**

Refers to one academic year, consisting of two regular semesters and one optional short semester. A regular semester normally runs for 16-17 weeks while a short semester lasts for nine weeks.

**AUTHENTICITY OF TRANSCRIPT**

Transcript is official only, if it endorsed by the University's Vice of Students Affairs and it bears the signature of the Registrar, Dean of Faculty and the embossed seal of the University.

**SIXTH LEVEL OF ANQF (AFGHANISTAN NATIONAL QUALIFICATION FRAMEWORK)**

According ANQF the Sixth level (Bachelor Degree Program) is at least 136 credit of eight semesters (four year) and each semester equalize to 16-17 weeks.

## **Recommendation Letter**

**Applicant Name: Saqib**

**Date: 31/Jan/2023**

**Applying Program: Master Degree**

I have known Saqib for five years since he joined Laghman University in 2017, and I taught him engineering drawing, dam design and reinforced concrete design (RCC). Overall Saqib is intelligent, hardworking, and conceptual person and has good analytical skills who actively participated in my lectures and projects. His keenness for achieving excellence has helped him in picking up a challenging research project. He worked with enthusiasm and innovatively, and as a result he got "A" grade for his efforts put into the project. I strongly believe that anyone would struggle to find a student more deserving and more in need of it than Mr. Saqib.

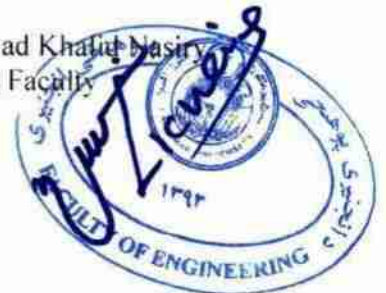

Saqib has shown an extremely high level of intellectual interest and self-motivation throughout the time I have known him. He has impressed me with his inquisitive mind and ingenious ability to comprehend, analyse and assimilate various engineering concepts. He is a quick learner. These qualities would be worthwhile assets in his endeavour to pursue higher studies. He is a teacher's delight: a student with a desire to learn, and one who can inspire the teacher through his curiosity and eagerness-one certainly cannot be complacent when a student like Saqib is in class!

It was my immense pleasure to have Saqib as a student. I would rank him in my top five students that he has taught in my teaching career in respect of working ability and research skills. He is very motivated and bright student in his class and I certainly believe that he has talent and energy to achieve success in future. I strongly recommend Mr. Saqib to international universities for postgraduate study.

Please feel free to contact me with any further questions at [nasiryk1366@gmail.com](mailto:nasiryk1366@gmail.com).

I wish him success for his future plans.

## Recommendation letter

### To whom it may concern

It is my pleasure to write this letter in support of Mr. Saqib Sadat S/O Said Ali Jan. I had the pleasure of getting to know him when I was teaching them Surveying, Transportation Engineering and Pavement Design subjects in the undergraduate program in the Laghman Engineering Faculty.

He has that combination of a positive attitude and the belief that he can always improve that's is the quality of a hardworking student, but so essential to the learning process. From day one, it was clear that he was not there just for the certificate; he truly sought to better his knowledge in civil engineering and put them to use in Afghanistan. I am confident that he will continue to display the same commitment and diligence in everything he does.

I was never disappointed with his work in fulfilling all the requirements of a bachelor's degree. His assignments were always on time, well-written, and insightful. He was also eager to participate in class. I wish, I had more students like him. He is bright, personable, and dedicated. I know that he has a bright future ahead of him in his field. I believe that he has enough capability to enroll in Master's programs in the field of Civil engineering.

Please feel free to contact me with any further questions at [inam.azizi@gmail.com](mailto:inam.azizi@gmail.com)

Sincerely,

Ast. Prof. Inamullah Inam
