CAREER OVERVIEW

While keeping my focus on my chosen course of study at the university of Jaffna in Biological Sciences and securing a second-class upper division Honours Special Degree in Fisheries science. I have also gained valuable life experience through actively taking part in a wide range of extracurricular community activities, successful research, and community projects. My experience as an undergraduate and as a Demonstrator/ Assistant Lecturer in Fisheries in the Faculty of Science at the University of Jaffna. I am confident that I can face future life challenges including postgraduate education and research.
