TO WHOM IT MAY CONCERN

Mr. Balal Aalam is known to me for the last 3 years. He remained my post graduate student. I had taught the subjects of Viscous fluid flow and Compressible fluid flow in post graduate classes. I found him very punctual, hardworking and intelligent.

He has excellent writing and verbal communication skills and is extremely organized, reliable and computer literate. He can work independently and in group environment. He accomplishes the tasks with great initiative and with a very positive attitude. After reviewing the educational background of Mr. Balal, I strongly recommended his appropriateness for doctoral studies at your university.

Sincerely,
