## Motivation letter

Dear Admission committee, I am writing to express my strong interest in pursuing a bachelor degree in at your esteemed institution. As a passionate individual with a deep-rooted interest in technology, I am confident that this program will provide me with the necessary skills and knowledge to excel in my future career.

From a young age, I have been fascinated by the power of computers and their ability to transform the world we live in. As I grew older, I realized that this field is constantly evolving, and there is always something new to learn. This is what drew me to pursue degree in this field.

I have completed my high school education with a focus on science and, which has provided me with a strong foundation for studying this field. I have also taken part in various programs that related to this field where I have gained valuable experience in programming languages. These experiences have further strengthened my passion have given me a taste of what it takes to be successful in this field. I am particularly interested in studying at your institution because of its reputation for academic excellence and its emphasis on practical learning. Your curriculum offers a perfect balance between theory and practical application, which will enable me to gain hands-on experience in designing and developing software applications.

Moreover, studying in your country will provide me with an opportunity to experience a new culture, learn a new language, and meet people from different backgrounds. This exposure will broaden my horizons and provide me with a global perspective that will be invaluable in my future career.

In conclusion, I believe that studying this program at your institution will provide me with the best possible education and prepare me for a successful career in this field. I am excited about the prospect of joining your community and contributing to the growth and success of your institution. Thank you for considering my application.

Sincerely,

Suhaila Baqa khil

Dear admission committee

I am writing to highly recommend Suhaila baqa khil for admission in to your esteemed university. As her school principle for the past three years, I have had the pleasure of watching them excel in all aspects of the subject.

she has consistently demonstrated exceptional analytical and problem-solving skills, often tackling complex problems with ease. They have a natural ability to think logically and critically, which has enabled them to achieve top grades in all math courses.

What sets suhaila is apart is their passion for school subjects. They are always eager to learn more and take on new challenges, often seeking out additional resources and materials to deepen their understanding of the subject, their enthusiasm for science is contagious, inspiring their peers to to work harder and achieve more.

In addition to their academic achievements, she is also a dedicated and responsible student who is always willing to help others. They are an active member of our science club and have volunteered their time to tutor struggling students.

Overall, I can recommend her for this computer science program. I am confident that they will continue to excel in their academic pursuits and make valuable contributions to your program.

Sincerely,

Sukaila
