NR	Results not yet available

### Acronyms

Acronym	Meaning
GP	Grade Point
GPA	Grade Point Average
CGPA	Cumulative Grade Point Average

### CREDIT TRANSFER

Villa College grants credit transfer and advanced standing for the successful completion of college-level courses which were previously studied through another institution of learning recognized by the college. The purpose of awarding credit transfer is to recognize prior learning to preclude the duplication of modules and provide increased flexibility for students in their learning.

A student may be granted transfer of credits to a Villa College programme of study for modules completed at another institution of learning provided that the following conditions are met:

- The relevant modules have at least 70 percent module content overlap with the contents of the module(s) offered by Villa College;
- The student had obtained a minimum of a pass grade or equivalent in the relevant module(s);
- The relevant credits were undertaken during the last 5 years. Consideration for learning prior to this period is decided on a case by case basis; and
- Credits transferred do not exceed one-third of the credits specified for the programme. This does not apply to credits earned within articulation arrangements of the college's own programmes or embedded/nested awards or external awards where there is an articulation arrangement.
