About

A Passinate Mathematics student and a learner, who wants to keep learning all the time. I always love to work within a challenging and encouraging environment which gives me an opportunities to expand my mathematical knowledge while also gaining experience and skills in my field. Work is not a hardship for me, it is an opportunity to learn, grow and give my all in order to achieve my goals.

Objective

I wanted to work as a mathematician at a university, where I could use my knowledge and experience to bring enthusiasm and interactive teaching approach in the mathematics classroom.
I am aiming and devoted to make mathematics understandable, relevant, and enjoyable for the students.
